MUCH BUSINESS OF IMPORTANCE

To Be Transacted at the Present Three

Emerald Beneficial Association opened yes-

about three days, and much business of im-

formed outside and marched back to the

The convention was called to order at 10:30

about 80 delegates present. S. H. Gilson,

I would advise the concliment of a uniform law for the organization of new branches, that would be a cuarantee that all are similarly instituted, and also advise the assendment of the law regulating the reinstatement of suspended or expelled members of subordinate branches. This law is not sufficient to cover the perplexing questions that arise under that local. The permanency of the E. B. A. can no longer be questioned, even by the most skeptical. The organization has surmounted the various obstacles thrown in the way from time to time by desagning persons who tried to undermine our noble work. The good that has been accomplished by it is attested to-day, not only by the most seed brothers, but also in high heaven, by the frequent offering of the holy sacrifice of the mass for the repose of our departed brothers, when the members of our seedet who, having availed themselves of the opportunities offered by the free circulating libraries, literary exercises and strict attention to meetings, can look back with unblushing price to the day on which they become members of the E. B. A. It was there was found that first stepping stone that led to success in many furstances. Therein was found the diesements that rendered them capable of combatting the vexed questions of the day, and fitted means of the positions of the day, and fitted means of the positions of the day, and fitted means of the power and trust which many of our associates fill to-day; and there is a
